CATERING & BANQUETS

A PTI GROUP INC. COMPANY

Serving 10 to 1,000+

An elegant, intimate soirée with sparkling crystal, sterling silver and bone china.

A grand seven-course banquet served to hundreds inside a convention centre.

A boisterous family reunion with children and relatives celebrating together. An outdoor company barbeque at a remote mountain lake. Whatever your occasion, we'll rise to it – *and exceed your expectations.*

We offer not only superlative cuisine and superb presentation, but also exceptional ability and ingenuity in meeting the needs of a wide variety of venues. From the perfection of a candlelit dinner to an informal open-air moveable feast, no other company provides as much flexibility, creativity and quality at such an affordable price.

Our creativity isn't limited to menus

Hosting a successful event involves more than serving excellent food. Although we certainly do that, allowing for more range and flexibility in your menu than most other caterers. It's everything else that goes into making your event a success. It's the correct china, or colour-themed paper plates. It's getting the perfect crepe bow ties for the back of the chairs, or ensuring you won't run out of wine... *when you're hundreds of kilometres from the nearest store.* Whatever logistical challenges your event may involve, our people are more than prepared to meet it.
